PROFILE

I possess strong full-stack development skills encompassing front-end technologies (such as React and JavaScript) and back-end expertise (e.g., Node.js, Python). My goal is to contribute to innovative projects and collaborate effectively within a team. My adaptability, problem-solving abilities, and passion for creating seamless user experiences make me a great fit for this role.

EDUCATION

APIIT Institute — BENG (HONS) Software Engineering 2022-2026
(Ongoing)

Adventist International School Negombo 2010-2021
